

Bycatch-What's that?!

In the picture below, the **Seine Boat** is out to catch salmon. **Purse Seining** is one of the many types of fishing where it is easy to catch other creatures by mistake. When those creatures get tangled up in the net, they get pulled in with the other fish. By the time they are thrown back into the water, they are often injured or dead.

The bycatch in this net needs your help. Colour the bycatch so they stand out and can be released.
